*Those who drink the water  
that I give will never be  
thirsty again (John 4:14).*

Dear Readers:

I am off to Guyana this month to help a campaign in a new way. A team of US Christians traveled to Lethem on February 20. I will arrive just prior to their departure to follow up on the baptisms, restorations and visits that were made. It is my prayer that this coordinated effort will close the revolving door of new converts.

Wakenaam Island is also in need of a visit. Clinton Fredrick is new to local ministry and needs instruction and guidance. Also, the efforts have begun for the foundation of the new church building. Pray for this work.

**Marriage Officers:** One of the most exciting developments has been the prospect of appointing our own Marriage Officers. Unfortunately Guyana's bureaucracy is slow and difficult. For example, civil officials made no mention of Registering Buildings until after we submitted the applications for Marriage Officers, despite repeated steps to seek guidance of the complete process beforehand. (In Guyana, it is the law for marriages to be conducted in buildings that are registered with the government. Home marriages are technically illegal, therefore.)

If this process was in the US, it would take less than one day because of our excellent roads and vehicles. In Guyana, however, we are approaching one year with no end in sight. The sheer logistical challenge and infrastructure deficiency slow our progress to a crawl. **We press on** so that they have a chance for marital godly living.

Many Amerindian preachers need teaching materials, *i.e.* Bible class, men's/women's resources, children's pages, special studies. Does your congregation have left over Bible study material? One sure way to have Guyanese Christians to benefit from your leftover material is to send it to: **Amerindian Missions**, RE: Curriculum, 1070 AL-59, Summerdale, AL 36580. Alternatively, you can invite me to give a report about this important mission work, and you can give me the items while there.
